

1. Payment Mode on all screens to include only the "Other Payment" option for In-Device UPI Type.
 - a) Changes to be Implemented
 - i. All currently available payment options under Device UPI to be removed.
 - ii. Add single payment option as "Other Payment."

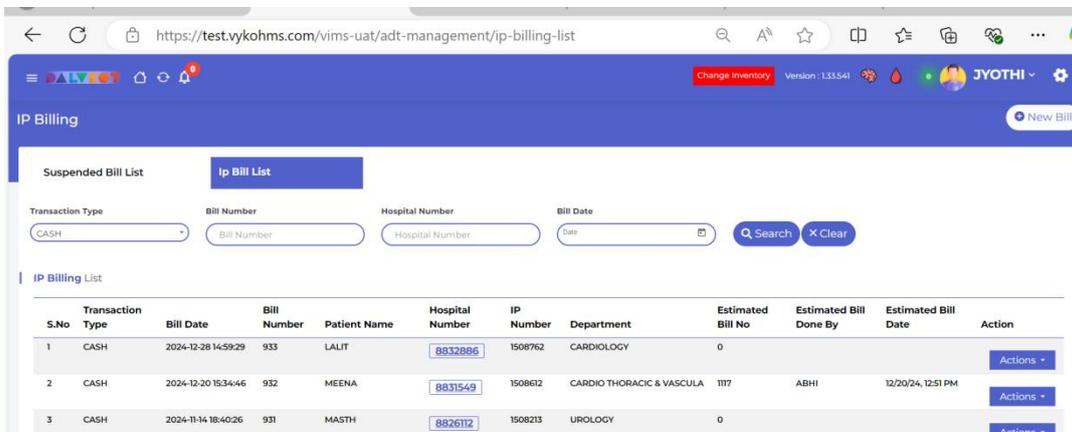

2. Remove Validation for IPD Advance
 - a) Remove the existing validation that restricts doctors from indenting investigations without an IPD advance payment.
 - b) Currently : Doctors are unable to indent investigations unless an IPD advance payment has been made.
3. Remove Advance and Bill Summary Details in Doctor Desk IPD
 - a) Remove the Advance & Credits and Bill Summary sections from the Doctor Desk module in the IPD section.

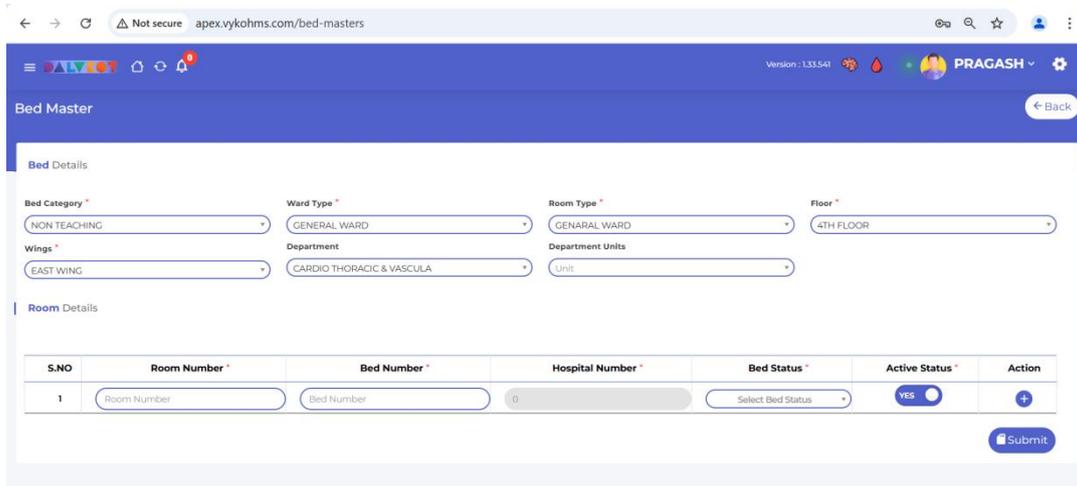

4. Doctor Desk OPD / IPD : Investigation : Remove Amount Display for Doctors When Indenting Investigations
 - a) The investigation amount does not reflect for doctors when indenting investigations in both OPD and IPD services.
 - b) Hide Amount Details:
 - i. Remove the display of investigation service charges/amounts visible to doctors during the indenting process.

5. IP Final Bill with Custom Header and Logo
 - i. An option to include or exclude the hospital details header and logo on the IP Final Bill.
 - ii. Header and Logo Customization:
 1. Modify the IP Final Bill header to include Apex Hospital details (name, logo, address, etc.).
 2. Provide an option for users to select whether to print with or without the header.

6. Remove Department Validation Requirement in Bed Master for General Ward Bed Creation
- a) Bed Master Enhancement: Currently, while creating a bed for the General Ward, the system throws a validation error, preventing progress unless a department is added.
 - b) Proposed Change
 - i. Remove the department validation requirement in the Bed Master to allow bed creation without associating it with a department.

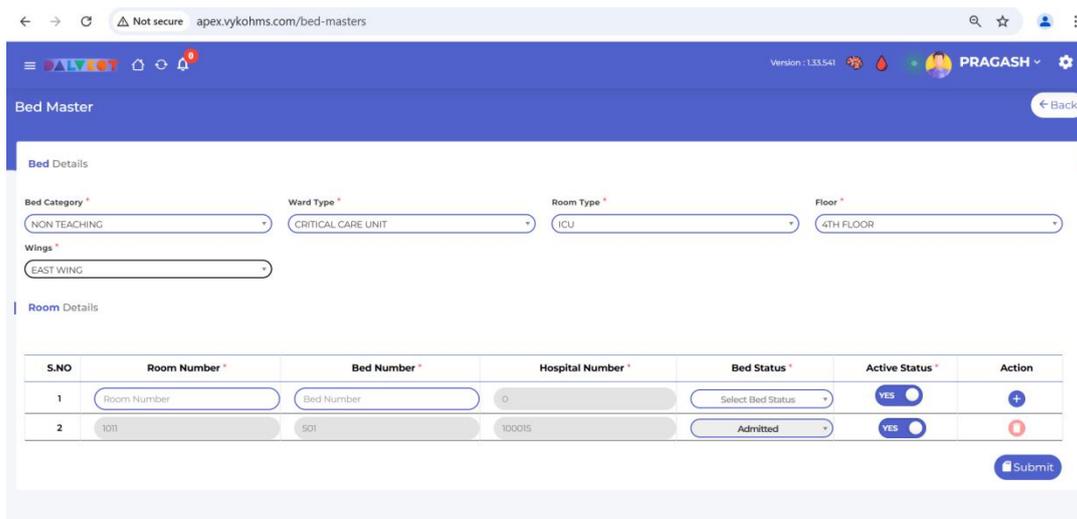

The screenshot shows the 'Bed Master' form with the following details:

- Bed Category:** NON TEACHING
- Ward Type:** GENERAL WARD
- Room Type:** GENERAL WARD
- Floor:** 4TH FLOOR
